

BABYLEAF BEET CHERRY BLOOD

CHERRY BLOOD is dark red beet suitable for inclusion in salad mixes. **CHERRY BLOOD** is coloured on both sides of the leaf making it ideal for pillow packs where a small number of leaves gives a strong colour effect.

A sisterline to Blush, **CHERRY BLOOD** has slightly less vigour in the cold but shows even stronger tolerance to *Pseudomonas* than Blush during periods of high pressure such as late Summer/early Autumn.

VARIETY FEATURES

- Dark red leaf colour
- Dark red stem colour
- Oval leaf shape
- Smooth leaf margins
- Erect growth habit

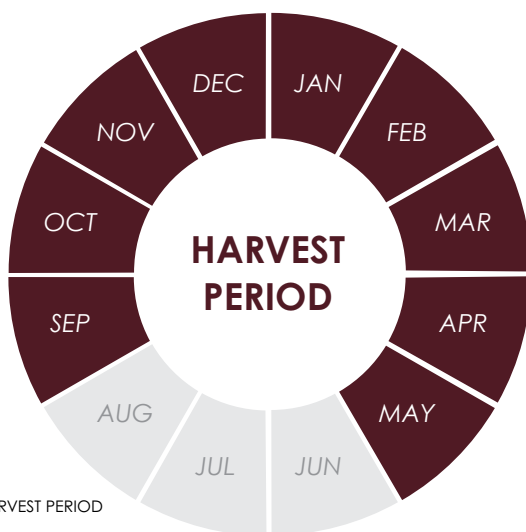

AGRONOMIC CONSIDERATIONS

- Best results obtained when grown outside of mid-Winter
- Good field tolerance to *Pseudomonas*

PACK SIZES

1kg, 5kg, 10kg
