

BABYLEAF ROCKET

APOLLO

APOLLO is a vigorous salad rocket suitable for year round production both indoors and outdoors. **APOLLO** is dark green and is very erect - allowing for easy harvest. When harvested at baby stage **APOLLO** produces a Mibuna shaped leaf with smooth margins. When grown on to 'teen stage' **APOLLO** will develop lobes on the leaf margins. **APOLLO** has a medium flavour, typical of salad rocket types.

VARIETY FEATURES

- Mid-dark green leaf colour
- Spatulate leaf shape with smooth leaf margins
- Erect growth habit

AGRONOMIC CONSIDERATIONS

- Year round production
- Medium tolerance to bolting

PACK SIZES

100g, 1kg, 5kg, 10kg

Untreated seed

Available as untreated seed.
