

LETTUCE COS MAXI NEMO

NEMO is a 3/4 sized cos suitable for whole head harvest and processing. **NEMO** has narrow, slightly cupped leaves which are thick and lightly blistered. **NEMO** has a medium sized frame which is easy to strip back. The lighter colour makes it an excellent variety for shredding/chopping and a 'U-shaped butt' making it an excellent option for sleeving. In cooler conditions **NEMO** will gain size with no twisting and produces a heavier head due to high leaf numbers.

VARIETY FEATURES

- Light-mid green colour
- Large head (3/4 size)
- Medium vigour

AGRONOMIC CONSIDERATIONS

- Suitable for open field production
- Strong tolerance to tipburn
- Strong tolerance to bolting

PACK SIZES

1M, 5M, 25M, 100M

The information provided here is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions, including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds (NZ) Ltd cannot accept liability as to accuracy of this information.

DISEASE RESISTANCES

High Resistance: Bl:1-28, 30-32, Nr:0
Intermediate Resistance: Fol:1
