

CUCUMBER SLICER FLOYD

FLOYD is a slicer cucumber suitable for Spring, Summer and Autumn production.

FLOYD has excellent vigour and will set well during warm conditions.

FLOYD will perform reliably across a wide range of conditions, maintaining length through the Summer period.

Fruit of this variety is of high quality producing dark green cucumbers of consistent length and width.

The information provided here is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions, including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds (NZ) Ltd cannot accept liability as to accuracy of this information.

VARIETY FEATURES

- 20-22 cm fruit length
- Single fruiting
- Excellent post-harvest shelf life

AGRONOMIC CONSIDERATIONS

- Suitable for heated and non-heated growing environments
- Standard maturity
- Parthenocarpic variety

PACK SIZES

1C, 1M

DISEASE RESISTANCES

High Resistance: Ccu

Intermediate Resistance: CVYV, CYSDV, Px
