

WATERMELON SUGAR BELLE

A hybrid Sugar Baby type, **SUGAR BELLE** has superior fruit set and produces highly uniform melons with excellent internal flesh colour and high sugars.

SUGAR BELLE has been a long time standard for many watermelon growers throughout New Zealand.

SUGAR BELLE has proven to be a consistent performer throughout the season, although is ideally suited for early season production, typically maturing in 11-12 weeks from transplanting.

VARIETY FEATURES

- Rind colour is dark green with no stripe
- Deep red flesh colour
- Round fruit shape
- 5-7kg fruit weight.

HYBRID VARIETY

PACK SIZES

1M, 10M, 50M.
