

LETTUCE ICEBERG PICADOR

PICADOR is a Salinas style lettuce with a medium to large sized frame.

PICADOR is a vigorous shoulder variety with high uniformity and a wide harvest window.

PICADOR produces flat-round heads that sit up off of the ground allowing for ease of harvest and making it an ideal variety for the bagging market.

PICADOR has shown excellent tolerance to mildew and lettuce big vein and also shows good field tolerance to sclerotinia.

HARVEST PERIOD

The information provided here is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions, including cultural/management practices, climate, soil type and geographic location. As a consequence South Pacific Seeds (NZ) Ltd cannot accept liability as to accuracy of this information.

VARIETY FEATURES

- Medium head size
- Medium frame size
- Autumn and spring harvest.
