

CABBAGE RED PORTELLO

PORTELLO is a red cabbage which has shown good versatility over a range of growing conditions.

Producing a large, upright frame with a large dense head, **PORTELLO** can be used successfully for both the process and fresh market segments.

With good vigour, **PORTELLO** can be grown throughout the cooler months but also shows extremely good field holding ability in warmer conditions.

VARIETY FEATURES

- Purple/red head colour
- Globe head shape
- 2-3kg head weight
- Medium head size.

AGRONOMIC CONSIDERATIONS

Depending on planting time heads will mature in approximately 14-18 weeks.

HYBRID VARIETY

PACK SIZES

10M, 50M, 100M

The information provided here is based on an average of data and observations collected from our trials. Significant variations may occur in the performance due to a range of conditions, including cultural/management practices, climate, soil type and geographic location.
