

BABYLEAF CORIANDER

KALAMOS

KALAMOS is a warm season, slow bolt coriander.

KALAMOS produces a smaller, rounder leaf shape similar to our Allegro and is a traditional green colour.

Key features of **KALAMOS** are the high leaf count and the ability to handle warm to hot conditions.

KALAMOS thrives under high bolting pressure and produces a beautiful bunched product due to its high uniformity and attractive leaf structure.

VARIETY FEATURES

- Dark-green leaf colour
- Medium to broad leaf
- Vigorous and erect plant habit
- Split seed
- Slow to bolt.

AGRONOMIC CONSIDERATIONS

Suitable for open field or hydroponic production systems.

PACK SIZES

1KG, 5KG, 10KG

Split seed
